

# **PARKING - CHAMPIONSHIPS**

## **NO PARKING ON GRASS**

The Southwest Ohio region is having one of the wettest summers on record, and we have experienced stuck cars after most swim meets this season. Due to the most recent rains we have decided to close the grass area of the hill to all vehicles during this week's Championship competition. Parking will not be permitted on the hill this Wednesday or Thursday. Please follow the instruction of the parking attendants, and park only where they direct you. The hill's grassy area will be roped off and no parking is permitted there.
